Protocol

- *This is a non-competitive league, we will not keep score.*
- *The purpose of the league is to develop basketball skills as well as a love of the game itself.*
- *We stress defense, dribbling, passing, and shooting...in that order.*
- *Since we have (7) team, and we would prefer not to have "byes" we have scheduled one team per week to have (2) games.*
- *Parents are encouraged to attend games and practices and assist whenever possible.*
- *Torresdale is a private club situated on City property. It is successful due solely to the efforts of generations of volunteers.*
- *Parents are encouraged to attend General Membership meetings on the 2nd Thursday of every month.*
- *We have multiple "Ad-Hoc" committees, i.e., Father's Club, Fundraising, etc...*
